## PREFACE

The Department of Scientific and Industrial Research (DSIR) is the nodal Government Department for granting recognition to not-for-profit Scientific & Industrial Research Organisations (SIROs). The organisations eligible for recognition are: (a) **associations**, i.e., **societies** with the objective of undertaking scientific and/or industrial research; registered under the Societies Registration Act, 1860 or any such act passed by the State Government and registered **trusts** having main objective of undertaking scientific and/or industrial research and development, (b) **companies** incorporated as section 8 (erstwhile section 25) of the Companies Act, 2013 and set up for engaging in R&D activities, (c) **institutions** having adequate infrastructural facilities to undertake scientific and/or industrial research and having undertaking of scientific and/or industrial research as the main objective of the institution, (d) **professional bodies** having undertaking/promoting undertaking of scientific and/or industrial research as the main objective, (e) **universities** established or incorporated by/or under a Central or State Act and including institutions declared u/s 3 of the University Grants Commission Act, 1956 and (f) **colleges** affiliated to universities and undertaking scientific research in specific disciplines. The SIROs recognised by DSIR are eligible for Customs duty exemption in terms of Government Notifications No. 51/96-Customs dated 23.07.1996; No. 24/2007-Customs dated 01.03.2007; No. 43/2017-Customs dated 30.06.2017; No. 42/2022-Customs dated 13.07.2022 as applicable and all notification, as amended from time to time and a separate Registration Certificate is issued to avail the duty exemption in line with the notifications.

DSIR has been bringing out 'Directory of Recognised Scientific and Industrial Research Organisations (SIROs). A number of new SIROs are recognised and also recognition granted to some SIROs has lapsed. A revised and updated version of the 'Directory of Recognised Scientific & Industrial Research Organisations' has now been brought. The publication covers details of 896 SIROs of which 436 are in natural and applied sciences, 40 in agricultural sciences, 67 in social sciences and 353 in medical sciences are having valid recognition by DSIR. Name and address, DSIR recognition number and period of validity of the recognition of all the recognised SIROs are given in the publication as on 31<sup>st</sup> March 2025.

The main purpose of bringing out this directory is to provide a reference source to various Industries, Government Departments, R&D institutions and others who may like to take the opportunity of initiating interaction with the SIROs in various disciplines of scientific and/or industrial research. Although due care has been taken to correctly indicate details of recognised SIROs in the directory, in case of any anomaly actual recognition letters should be referred to.

Recognition of SIROs by DSIR does not amount to approval under section 35(1)(ii)/35(1)(iii) of IT Act. For such an approval, SIROs may apply to appropriate authority as per provisions of Income Tax Act 1961/ IT Rules, 1962.
